 ROOFING

Slates  
 Tiles  
 Accessories

At CAPCO Roofing our aim is to provide our customers with the broadest range of roofing products from a single source in the Irish market today. Combined with the commitment to provide a first class quality service and technical support at a local level.

## Making the right choice

Making the right choice is important, whether you are a seasoned house developer or building your dream home. Finding the right roofing products for your needs can be frustrating. A myriad of questions need answering including:

**What is available?**

**Which products are best for my build?**

**Where do I get them from?**

**How much should I pay?**

Furthermore, these are all questions which need answering as early in the project as possible.

## Achieving a vision

At CAPCO Roofing we understand the importance of making the right decision and we can help our customers to achieve their vision with confidence.

For over 20 years CAPCO Roofing has been a leading force in the distribution of natural & fibre cement slates, clay tiles and roofing accessories in Ireland, with dedicated Roofing Centres operating from locations nationwide.

Customer satisfaction is key to our commercial philosophy. Our commitment to this is shown in our continued investment in people, new Roofing Centres and in ensuring the supply of quality products sourced only from leading roofing material manufacturers.

## It's about people

Professional, well trained people are key to the success of any business. All of our staff receive extensive and ongoing in-house technical and product training, combined with regular manufacturer training to ensure that they are conversant with the latest product developments and legislative changes. We want to ensure that any decisions that our customers make will be informed ones.

Our extensive field sales team work closely with customers, roofing centres, builder's providers and manufacturers to ensure an efficient service; assisting with design, technical and installation issues.

## Service

As Ireland's premier distributor of roofing products CAPCO Roofing is committed to offering nationwide accessibility to the most comprehensive portfolio of products available in the Irish markets today.

### Extensive stocks

Every CAPCO Roofing Centre carries a comprehensive range of products, ensuring that we are able to meet customer requirements on time.

As well as an in-depth stock of key products such as natural and fibre cement slates, tiles, and roofing ventilation each centre has an extensive profile of ancillary items including chimney pots, general roofing fixings and tools.

### Local availability to a national need

As the only dedicated roofing distributor operating from locations throughout Ireland, we are well placed to ensure that we can offer our customers the support they need on demand. Our Roofing Centres are located in Belfast, Omagh, Cork, Dublin, and Waterford each with comprehensive stocks, and staffed by technically competent and friendly people who understand the importance of matching the right roofing products to customer requirements.

## Slate the natural choice

As a leading distributor of roofing products to the construction industry, CAPCO Roofing offers the range and quality of products unmatched in Ireland.

Only the best natural slates are sourced from leading quarries in Spain, Wales and Brazil, offering both distinctive beauty and durability.

Welsh slates, commonly known as the “Blue Bangor” owing to their natural Heather Blue colour are a popular choice in Ireland. It is seen on almost all of the prestigious buildings constructed in Ireland within the last 200 years. All Welsh natural slates offer a manufacturer backed guarantee for 100 years from the date of installation, and so, are truly, products to last a lifetime.

The CAPCO portfolio of Spanish slates has been refined over many years; we offer a range of products that have been tried and tested to offer a lifetime of trouble free performance. Sourced from the best quarries of Northern Spain they offer a manufacturer backed guarantee for up to 75 years from the date of installation. Spanish slates provide a natural beauty together with peace of mind.

Relatively recent to the Irish market are the natural slate products from Brazil; aesthetically distinctive, these slates offer robust beauty combined with high performance and longevity.

## Fibre Cement Slates

CAPCO Roofing offers the highest quality fibre cement slate products sourced from Europe's leading manufacturers.

The slates are manufactured from Portland cement combined with compressed, high quality synthetic and cellulose fibres. A coloured acrylic coating ensures that the slates provide an individual and aesthetically pleasing finish to any domestic or commercial roof.

Fibre cement slates are available in a variety of finishes to facilitate any design brief, including smooth with square edges and a riven surface to mirror that of natural slate.

With manufacturer backed guarantees offered from the date of installation, fibre cement slates from CAPCO Roofing are engineered to provide many years of reliable performance.

## Clay Roof Tiles

Through the development of strong relationships with leading clay tile manufacturers, CAPCO Roofing is able to offer a range of products to suit any application.

Our portfolio is extensive, offering clay roof tiles in a multitude of shapes, sizes and colours and made from a variety of clays.

Working closely with manufacturers we are able to offer products which are manufactured using the latest production technologies. This ensures that our customers receive a consistently high quality engineered product portfolio.

## Roofing accessories

Complementing our main product lines of slates and tiles we offer a comprehensive range of other essential roofing products from market leading manufacturers including, breathable and non-breathable membranes, roofing ventilation, clay & fibre cement ridge tiles, chimney pots and fixings.

## Investment in technology

Our ongoing investment to help our customers make the right informed decisions extends into the implementation of new computer estimating software. This has been developed specifically for the roofing industry and it enables us to produce accurate quotations quickly.

This estimation service is operating at all of our Roofing Centres throughout Ireland, further enhancing our service and value to our customers.

## The complete roofing solution

CAPCO Roofing offers a premier range of products combined with levels of service and technical support unequalled in the Irish market today. We are committed to ensuring that our customers receive the assistance to make informed decisions, helping them to realise the final vision for their investment.
